Nokia Reading

Tired of carrying books around? Discover and buy e-books that you can read on your phone. You can also listen to audiobooks and read the news.

On the start screen, swipe left, and tap **Nokia Reading**.

Some books are free of charge; others you need to pay for. To buy a book from the book store, you need a Nokia account and a valid credit card. The card must have been issued in the same country where your book store is located.

Using services or downloading content may cause transfer of large amounts of data, which may result in data traffic costs.

Nokia account

Your Nokia account is the key to Nokia services.

With your Nokia account, you can, for example:

- Access Nokia services with a single username and password on your computer or phone.
- Download content from Nokia services
- Save details about your phone model and contact info. You can also add your payment card details to your Nokia account.

The available services may vary.
